Colorado Wines... *for every taste* ...and Occasion!

A Complete Portfolio of Traditional, Fruit, Botanical and Honey Wines

Talon is unique as Colorado's premier producer of a complete portfolio of award winning wines. With two wineries and a meadery, you can always find a delicious wine for every taste and occasion.

Our founders, Glenn and Natalie Foster, carry on a family reputation established at a renowned Sonoma winery. We reliably produce outstanding, highly enjoyable wines whether on their own or paired with a variety of cuisines.

Our mission is to share the joy of wine from Palisade, the heart of Colorado's Fruit and Wine Country. We make delicious and innovative wines of the highest quality, brimming with the exuberance and taste that wine enthusiasts want to enjoy now.

Award Winning Wines with a Pedigree

Talon Winery is known for classic style, fruit-forward wines made from the finest grapes available. Our methods preserve and enhance the flavors that develop naturally in grapes grown in Western Colorado's high desert, arid climate and mineral-rich soils.

Creatively Inspired Honey Wines

From ancient times to today, meads, or honey wines have warmed the hearts and lifted the spirits of mankind. At Meadery of the Rockies we have continued and expanded this tradition to include new tastes, flavors and experiences.

We are Colorado's original meadery. Our wines are crisp, refreshing and "buzzing" with flavor. We use only 100% pure, raw orange blossom honey in all of our wines. For our fruit blends, we use as much local produce as possible. We offer a complete range of sweetness, alcohol levels and flavors.

- **Traditional:** Lightly Sweet, Medium Sweet and Sweet
- **Fruit Blends:** Apricot, Blackberry, Cherry, Peach, Raspberry and Strawberry
- **Dessert Wines:** Chocolate Cherry, Chocolate Raspberry and Honey Sheré
