WINEMAKER'S NOTES

Wingspan Red is our flagship red wine, a reflection of our high quality Colorado grapes and winemaking craftsmanship in a mid-priced red blend. The 2015 growing season in Palisade produced grapes that attained full maturity at the peak of harvest. Our vinification of these separate varietals focused on three things—carefully controlled maceration, a light touch during pressing and a deft hand in creating the final blend. These things, in turn, allowed us to make a full-bodied, fruit forward wine that required very little aging and maturation in the cellar.
